

# ¿COMO TIEMPO HACE OR ESTA?

By: Nashay Day, Taylor Washington, David Leonard

# Learning the Weather in Spanish.

- \* When you are asking the weather in Spanish you have to remember to and spell all of the words correctly, for example ‘Anos’ is butt and ‘Años’ means years old.
- \* When you are asking what the weather is like you can only ask in two days. ‘¿Qué tiempo hace?’ or ‘¿Como está el tiempo?’ The two vary depending on the type of weather at the time.

# WEATHER CONDITIONS

- Ex. Hace (bastante) **Sol**- It is (very) sunny.
- As you can see some terms are easier to pick up because some words are similar in English.
- Ex. **Solar**- of or relating to the sun.
