ACT 2 SCENE 2 MACBETH TO LADY MACBETH : "FALSE FACE MUST HIDE WHAT FALSE HEART DON'T KNOW".

Macbeth admits that his is feeling guilty of killing duncan and that his heart has fail on not caring about duncan when he was killing him.

This also means that Macbeth will need to kill or do more things in order so people don't find out about it and he stay a King for a longer time.

we
have
scorched the
snake, not
killed it.

This meant they killed King Duncan but there's a lot more to go in order to secure the throne. This will mean that in order to secure the throne he would need to kill Duncan's son and then Banquo. This relates to the thesis because Macbeth had a strategy which was to kill Banquo because he wasn't barren and Macbeth was which meant somebody close to him was going to take his power.

74) -

Macbeth decided to do this in order to get revenge from Macduff because he betrayed him. Macbeth also kill his kids and wife because they could be a potential threat for him and they could fetch the real hire for the throne.
