

That Day

Do you remember the day, when I picked you up and went from a drive because it was a nice out? Well I forgot to tell you something... Wait, slow down. You don't even know what I was going to say. No this has nothing to do with him. Can you just stop talking so I can tell you. Okay. Now, I wanted to tell you, is something happened to me right before I went to picked you up. But I didn't do anything wrong. No, no, no, it's nothing like that. He didn't do anything to me, it was someone else. I don't know what to do. Look, I went to go see Aaron right before I came by. Look we didn't do anything but as I was leaving, oh my gosh, just let me talk! He kissed me. I- I- I don't know why but he just did. I'm not sure if he still likes me but that was three years ago. Why would he? That's why I'm telling you now. Should I tell Kevin? I should right? He deserves to know the truth but what if he leaves me? Kevin has been acting strange. He acts all rude and doesn't want to go out anymore`re. He doesn't want to spend time with the family or go on trips, he just wants to stay home and sleep. He's been like this for the past few weeks. Around the time the kiss happened. I feel like if I tell him this, he'll just walk away. We've been together for almost two years. He was never like this before. I feel like he's just waiting for me to tell him about the kiss. If I tell him do you think he's gonna leave me? It's not like he never cheated on me before. Tell me what to do! I can't do that, I'm not doing that! I don't have to give my body to him, he gets enough from every other girl. If I pick you up, will you help me talk to him. Oh wait, could you talk to him first and see why he's like this. Ask him does he know about Aaron. But don't make it too obvious. Just call him right now. I'll wait. So, what did he say? Keep going, so he's not mad at me? Wait what! Why did you tell him that? How does that type of shit slip out like that? Why in the world would you tell him that? Now he's gonna kill me because I didn't tell him first. Did he sound mad after you told him? Nothing? Are you sure, why wouldn't he get mad? Do you think that's a sign? Maybe he trusts me and that it meant nothing. Okay. Imma tell him tomorrow because someone told him today. I just have to

wait for the perfect time, if there is one. Hopefully he's not too mad and we can still continue to be together.
